

Meet the RAMS Adelaide North East team

Andrew Robinson, Principal

Andrew has been the Principal of a RAMS Home Loan Centre since 2007. His business acumen, and ability to find the quickest and easiest solution, has led to hundreds of home owners and investors fulfilling their property dreams.

With a strong emphasis on client service and professionalism, Andrew understands that buying property is not always easy, so he and his team look after every aspect of your loan application. He knows the local market conditions, availability and turnover, and has an extensive support network that facilitates property purchases for the self-employed, investors and first home buyers. This includes real estate agents, developers, builders, conveyancers, lawyers, financial planners and accountants.

Before RAMS, Andrew worked in large, corporate technology companies. He migrated to Australia with his family, from South Africa, in 2006. Arriving in Queensland, he established the RAMS Wide Bay franchise, with offices in Bundaberg and Hervey Bay. Upon visiting South Australia, the call was too strong and they all uprooted and moved south; they couldn't be happier. When Andrew is not standing on the side of a court or pitch, watching his children play sport, he is a keen golfer, avid angler and cook who enjoys the odd glass of wine.
